

Welcome to The Garfield Theatre

The last of twenty-eight cinemas that once operated in downtown Cincinnati closed twenty years ago. As the urban area gains residents, it's time for a new venue. Cincinnati World Cinema announces the opening of the **Garfield**

With test exhibitions in August and September, regular programming begins in October 2018, typically screening three or four films several days each month.

Operated by volunteers who care about cinema,

the Garfield continues the seventeen-year CWC tradition of offering high quality documentaries, shorts, narrative fiction and specialty programs including festivals and classics; focusing on films that normally bypass the metro Cincinnati market.
